# MASTERS OF QUALITY AND CONSISTENCY

## Our Reputation is Built On Solid Ground

iStage is an integral and well-established company since 2015, specialized in a wide range of scaffolding rentals for construction, commercial, domestic and also has provided a variety of platforms and remarkable stages for the entertainment sector. Our company has ensured safety and security over the past six years on erections of small and large setups carried out in the Maltese islands, followed by architects' certification.

We have completed numerous projects all around Malta such as: the Mtarfa Clock Tower, the Valletta Bastions restoration scaffold, the Customs Department scaffolding facade and also HUGE events like the Isle of MTV, Tomorrowland, Summer Daze, the Joseph Calleja concert and so much more!

# THE TYPE OF SCAFFOLD WE USE

The Layher brand stands for safety, profitability and adherence to schedules. To make scaffolding even more economical and even safer, Layher development engineers are constantly working on ingenious new developments. Their focus is on the influencing factors for assembly performance, such as weight, shape and the number of components.

# Layher synonymous with advanced scaffolding systems and incomparable service

Layher has been a leader in pioneering and innovative scaffolding systems for more than 75 years now. With subsidiaries and service centres in more than 140 global locations, our scaffolding materials and expertise are available for you right where you need them - and with the usual high Layher standards
